WHY YOU KEEP PUTTING IT OFF

When everything rides on it, it gets **heavy**.

Heavy goals get put off or forced. Both end in the same place.

× HEAVY

~~"This has to work."~~

→ you put it off

✓ LIGHT

"Twenty minutes.
That's all."

→ you start

How to **shrink** it

Lighter stakes are what keep you moving.

☐

Name the big goal

Write it at the top of the page.

☐

Ask what you could do **tonight**

In twenty minutes, with what you already have.

☐

Make it finishable

One page. One call. One paragraph.

☐

Stop at twenty minutes

Stopping on time keeps it light.
